## ADDITIONAL INFORMATION

Hi I am Tasnim Jahan Fima. I had my B.Sc. in computer science and engineering from Daffodil International University. I have done a lot of projects based on developing options. I am very good at developing apps. After seeing the job circular I am very excited about the job because I have all the qualities that you write in your circular.

## OBJECTIVE

As a dynamic and energetic Flutter Developer with hands-on experience in API integration and state management, I am excited to apply for the Flutter Developer position at your company. With my expertise in building mobile apps and collaborating with cross-functional teams, I am confident that I can make a valuable contribution to your organization.
